About The System

- The Online Travel Agency is Web based Application over the internet.
- In Online Travel Agency offer booking services like Flight  , Hotel  & Holiday Packages  .
- In Online Travel Agency, user browse the flight details according to available option , book flight , preview of booking Flight and do payment then get the ticket.
- In this system also for Hotel & Holiday Packages, user Browse them according to option and book them also.
- Admin  get the report of the system on Dashboard.
- Admin can add  flight , hotel , package details and also perform update  and delete  operation.

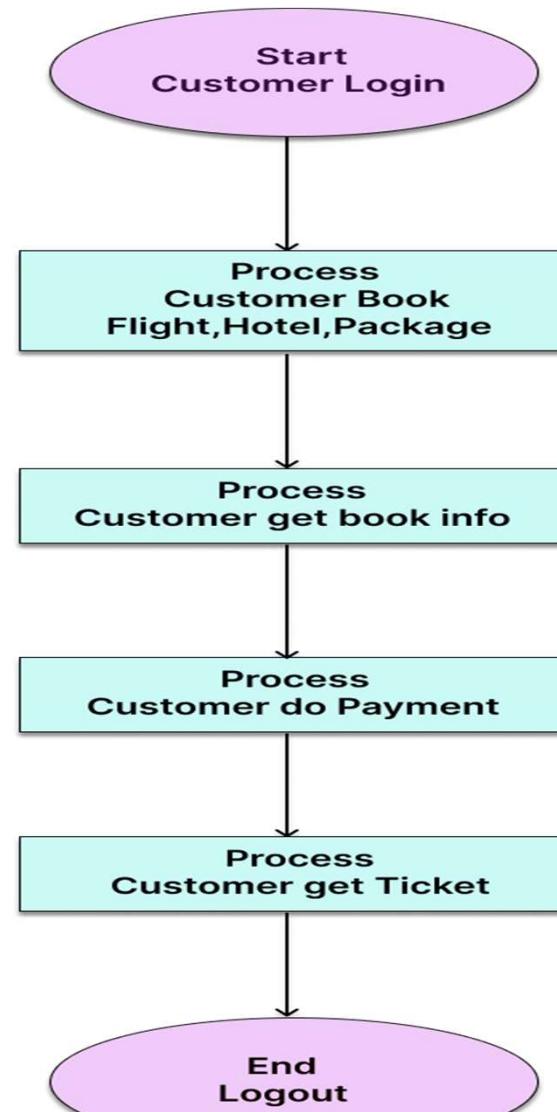

Existing System

- Before the Development 🚧 of our OTA (Online Travel Agency) system, the online travel industry primarily consisted of single-vendor platforms.
- Users often had to navigate through multiple websites to book flights, hotels, and holiday packages separately.
- This fragmented approach led to inefficiencies and inconvenience for users, as well as limitations for vendors in reaching a wider audience.

Proposed System

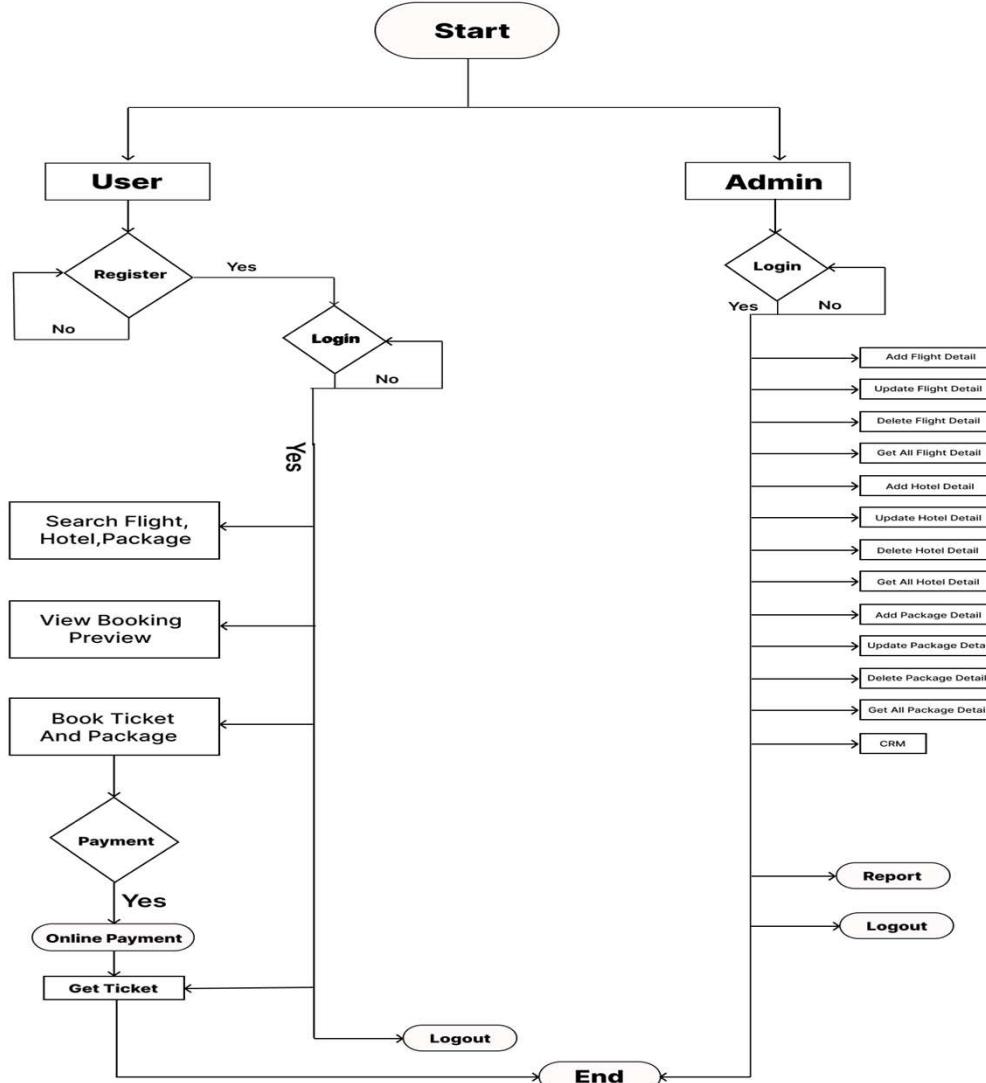

- Our OTA system aims to address the limitations of the existing system by providing a comprehensive platform for booking flights, hotels, and holiday packages in a unified manner.
- Our OTA system Provide key Features such as Flight booking  user book flight according their convenient.
- Also other features is Hotel booking  & Package booking  according their convenient.
- Admin  can access the system using special login credentials & get the Report.
- Additionally, Admin can view data of registered users.

- Admin Hotel Delete Permission Screen

A screenshot of a web-based travel agency interface. At the top, there's a navigation bar with links for Home, Flight Hotel Packages, Register, and Login. Below the navigation, a list of hotels is displayed in a table format. The first hotel in the list is the 'Royalton Hotel' in Hyderabad, which has a modal dialog box overlaid on it. The dialog box contains the text 'Are you sure you want to delete this Hotel?' with 'OK' and 'Cancel' buttons. To the right of the table, there are icons for edit and delete. The table rows include:

Hotel Name	Rating	Location	Facilities	Price	Edit	Delete
Royalton Hotel	4.4	Hyderabad	Free Wifi,Free Food	Rs.7569/-		
The Cent	3.9	Hyderabad	Free Wifi,Free Food	Rs.5470/-		
The Park Hydrabad	5	Hyderabad	Free Wifi,Free Food,Fitness Center	Rs.25499/-		
The Manohar	5	Hyderabad	Free Wifi,Free Food,Fitness Center	Rs.15099/-		
testing demo	4.5	Ahmedabad	free food,free meals	Rs.3500/-		

At the bottom of the page, there's a copyright notice: 'Copyright © 2023 KD Travellers Limited (formerly known as KD Travellers Private Limited), India. All rights reserved.'

- Admin Hotel Delete successfully Screen

A screenshot of the same web-based travel agency interface after a successful deletion. The 'OK' button from the previous modal has been clicked, and a green success message box appears in the top right corner of the table area. The message says 'Hotel deleted successfully'. The rest of the page remains identical to the previous screenshot, showing the hotel list and footer information.

➤ Scopes & Limitation

❖ Scopes 🕴️ :

- User can book Flight, Hotel and Packages and do Payment.
- The Main goal is to improve the better utilization of time for customer.
- Holiday Packages, Hotels, Flight Details are verified by admin.

❖ Limitations ❌ :

- Booking Service is Limited to selected city and states.
- Hotel & Packages can be only added by Admin not Vendors.

➤ Future Expansion

- We will expand  our web Application state-wise & Country-wise too.
- Add other booking service such as train , car .
- We can add a new section for distributor  to add their packages .
- Also add a new section for hotel  to register them on our platform.
- We can add a chat-box  for the users.
- We can add the feature of sending notification  to the customers.

THANK YOU!
